1. PURPOSE. The purpose of the Urban Waterfront Planning Program is to encourage redevelopment and reuse of, and increased access to waterfront areas and facilities which have fallen into disrepair or disuse. The Program provides technical and financial assistance for planning and design of projects to improve public access to and revitalization of urban waterfront areas.

2. WHO MAY BE ASSISTED. Grants may be made to tidal waterfront communities (municipalities and counties on behalf of unincorporated areas). The applicant shall be the unit of general local government. One or more public agencies may be designated by a unit of general local government to undertake the program in whole or in part.

3. FINANCIAL SUPPORT. Grants may not exceed ninety-five percent (95%) of the total cost of the proposed program. A local cash matching share of five percent (5%) is required.

4. PROJECT ELIGIBILITY. The projects shall meet the following requirements:

   a. The project proposal shall indicate public benefit;

   b. The project proposal shall address the issue of public access to shoreline areas; and

   c. The project proposal shall address the issue of redevelopment or reuse of land or other facilities in shorefront areas.

5. STATE ALLOCATION SYSTEM. The Maryland Department of Natural Resources, Coastal Resources Division, will specify a Statewide grant figure. The Department of State Planning, in consultation with the Coastal Resources Division, will evaluate substate requests and select proposals to receive financial assistance. Awards will be based on the extent to which proposals respond to the purposes of the program described in paragraph 1 above and the level of public benefit expected.

   The following criteria will be used as a basis for evaluation of proposals:

   a. Extent of Distress in Project Area

      1) Structural deterioration

      2) Vacant buildings

      3) Deterioration of public facilities and services

      4) Environmental blight

      5) Economic stress

   b. Public Need for Shoreline Access

      1) Responds to identified shortage

      2) Serves a variety of public access needs

c. Potential for Implementation

1) Local staff and/or financial resources

2) Public ownership of land in project area

3) Private sector interest

4) Coordinated with other local projects and programs

5) Consistent with comprehensive plan

6. CONSULTANTS. Consultant selection procedures are subject to minimum State equal opportunity requirements.

7. APPLICATIONS. Appendix A is the application for grant assistance. Appendix B outlines the program information required for each applicant.
